FORTUNE FAVORED AL- LIES ON ALL FRONTS

The Capture of More Mountains and Passes in the Carpathians Gives the Russians an Open Road Into Hungary. The Rumanian Troops Have Made Further Progress in Transylvania. The Bulgarian Troops Have Met Further Reverses. The British Gained Considerable Grounds on the French Front and Took a Number of Prisoners. The Russians Made Progress, Taking Many Prisoners.

London, Sept. 4.—The Russians captured a whole series of mountain heights and are now advancing to the Hungarian frontier, according to Petrograd.

The Rumanian troops occupied Borzsky and Sekell in Transylvania, says the Bucharest statement.

The Teutonic-Bulgarian forces have been repulsed at Basardjik, but elsewhere continue the attack on the whole frontier between Bobrujs and Atldjed, and a Bulgarian raid by three hostile hydroaeroplanes on Constantza, on the Rumanian coast of the Black Sea, where several civilians and children were wounded, was also announced.

In fighting yesterday north of the Somme the British captured German defenses on a three thousand yard front for an average depth of eight hundred yards and including the village of Guillemont, says the British official statement. The whole of Ginchy was captured, but the British were compelled to give ground, retaining part of the village, despite heavy counter attacks. The British took eight hundred prisoners.

The French position on the Somme is retarded by bad weather, but east of the Meuse the French took four hundred prisoners.

The Russians have crossed the Theniova river west of the tributary of the Ziola Lips, seized the position of the Austro-Hungarians and took 2,721 prisoners and six machine guns, Petrograd announces.

The Bulgarians were repulsed by the Serbians in an attack on the Macedonian front, west of Lake Osrovo, it was announced by the French headquarters at Salonika.

And many a young man doesn't know that he is in love until the girl in the case hands him the information in a diplomatic way.

Don't try to guess a woman's age. Take it for granted that she is somewhat older than she thinks she looks, and let it go at that.

WILSON IS PRAISED BY LABOR HEAD

Samuel Gompers, President American Federation of Labor, Praises President's Administration.

(By Associated Press)
Lewistown, Me., Sept. 4.—Samuel Gompers, president of the American Federation of Labor, in his Labor Day address here today, praised the Wilson administration for its achievement in the interest of the labor movement, and denounced the decisions of the supreme court in the Danbury Hatters and Arizona Anti-Allen Law cases, which he said were participated in by Charles H. Hughes, the Republican nominee for the presidency. Gompers defended the attitude of the brotherhood leaders in the threatened railroad strike and while he praised President Wilson for his efforts to settle the controversy, he unqualifiedly denounced any attempt at legislation to compel arbitration.

"Labor Day this year," he said, "finds the trade union movement in the United States in a stronger position than ever before. The labor movement renews the great desire of the people for more freedom, for justice and for a better and higher life."

N. Y. EPIDEMIC STILL DECREASING

(By Associated Press.)
New York, Sept. 4.—The infantile paralysis epidemic is showing a decrease in every borough in the city, according to the reports by the health department. Only forty new cases against fifty-one yesterday, were reported today and the death list dropped from twenty to sixteen. The total number of cases in this city have been 8,237, with 2,004 deaths, since the plague started several months ago.

LABOR DAY CELEBRATIONS ARE LIGHT

Rush of Fall Business in Bryan is Cause of Light Celebration of Labor Day in the City.

"Labor Day" celebrations in the city of Bryan today were very light. The cause for this fact is given that the fall rush which is now upon us would not allow the merchants, the bankers and the farmers to lose a day celebrating. The loss of a whole day now in Brazos county would mean much to every one and business has gone forward just the same. Aside from the Cotton Exchange and the postoffice being closed, business in all lines went forward just the same as any other time. The rush and scram-

EVERY WOMAN WANTS

the best things for the table if the price be not prohibitive. She can have them by trading at this grocery. We have solved the problem of how to combine high quality with low prices. Give us a trial this month and we will show you.

RAILROADS SLOW MAKING REPORTS

About One-Half Railroads Operating in Texas Subject to Heavy Fines for Not Filing Report.

(By Associated Press)
Austin, Tex., Sept. 4.—Only about one-half of the railroad corporations in Texas have thus far filed with the railroad commission their annual reports for the fiscal year ending June 30, 1916. Blanks upon which to make these reports were sent out over two months ago and the time for filing these reports without incurring a penalty expired on Sept. 1. Those railroads delinquent may face a heavy penalty altho the commission has always been disposed to be lenient with the Texas lines and a few days grace may be allowed before any action is taken. Included in the list of those who have as yet not filed their reports are quite a number of the larger lines of the state. Another warning may be sent to the delinquents before any drastic action is taken by the railroad commission.

NEW COMMANDANT OF A. AND M. CADETS

Lieutenant Emil M. Laurson of 11th Cavalry Appointed—Lieutenant Hill Relinquishes Regiment.

President Bizzell of the Agricultural and Mechanical College announced the receipt of a telegram from the adjutant general of the United States army advising that Lieutenant Emil H. Laurson, Eleventh cavalry, now stationed in Mexico, has been detailed as commandant of cadets and professor of military science and tactics at the Agricultural and Mechanical College.

Lieutenant Laurson graduated from West Point in 1909 and has had continuous service in the Eleventh cavalry since that time. He has recently been promoted to a captaincy, which will become effective before he assumes his duties at the college. Lieutenant Laurson succeeds First Lieutenant James R. Hill of the Thirtieth cavalry, who has been ordered to join his regiment in Mexico on the 15th of September.

Many inquiries are coming to the college authorities concerning the concessions that will be made to the cadets this year under the terms of the national defense act. Dr. Bizzell stated that all efforts have failed to obtain from the War department at Washington definite information on this subject.

"Sections 40 to 51," he said, "of the national defense act relate specifically to the organization of a reserve of officers' training corps and to allowance for the maintenance of this corps, and for the arms, uniforms, equipment and means of transportation provided by the United States government for the cadets in military institutions.

"The fiscal year of the United States government began on July 1, and it is presumed that the benefits of this act will accrue for the current year, and as the act was approved by the President on June 2, 1916. Many cadets enrolled in the officers' training corps and the college authorities are exerting every effort to secure permission to reorganize this corps at the college during the current year and to secure the other benefits authorized by the law.

"The delay on the part of the War department is probably due to the veto of the army appropriation bill, which has only recently had consideration by Congress and passed again with the President's objections eliminated. It is still believed that the college will receive the benefits of the act for the current year, although the uniforms that the government will provide may not be available until the late fall.

TURKISH PAINTERS LEAN TO OCCIDENT

Especially is This True of the Younger Women Painters As Shown by Their Work.

Constantinople, Sept. 4.—(Correspondence of The Associated Press.)—As an evidence of the constant increase of Occidental influences in Turkey, a considerable number of young Turkish women were permitted to exhibit their paintings at an exhibition, just concluded, of the work of the pupils of the Imperial Lyceum Club.

Some two hundred paintings in all, many of them by women, and all of them by Turkish painters, were placed on view. Critics familiar with Occidental painting and judging the work exhibited by Occidental ideals, commented very favorably on many of them.

The jury of award was headed by the Grand Vizier, himself a painter. He has been empowered to have struck off medallions to be awarded at the two exhibitions annually that are contemplated for the future.

ECONOMY REACHES GERMAN NAVY

Full Dress Uniforms, Gold Lace, Etc., Ordered Cut Out by Order Just Issued by the Kaiser.

Kiel, Sept. 4.—(Correspondence of The Associated Press.)—The cry of economy has now reached the German navy, as indicated by an order just issued by the Kaiser which abolishes the full dress uniform of officers. Henceforth, accordingly, German naval officers will make a much less "stunning" impression on gala occasions. The gold embroidery on the collar and down the legs of the trousers is a thing of the past, and with it goes two-pointed hats.

Prayer that is long drawn out is apt to be narrow.

TEACHERS INSTITUTE TUTES BEING HELD

New Plan Inaugurated by South Texas Counties for Holding Institutes—Four Counties Join.

(By Associated Press)
Corpus Christi, Texas, Sept. 4.—A new plan for holding teachers' institutes has been evolved by South Texas educators, county and city superintendents of seven counties joining hands for the holding of a joint institute here, commencing today. Heretofore the plan has been for each county to hold its own institute. The advantages of the new plan include the securing of expert lecturing talent at the minimum expense. The institute closes September 9.

San Patricio, Aransas, Jim Wells, Refugio, Brooks and Nueces are the counties. It is required that all public school teachers in the seven counties who have either written or oral contracts for teaching during the approaching scholastic year attend. The attendance of 450 teachers was anticipated.

Instructors and lecturers for the five days include State Superintendent Doughty, Dr. W. B. Bizzell, president of Texas A. and M. College; Dr. H. T. Musselman of Dallas, and Prof. C. E. Evans, president of San Marcos State Normal.

FORMER AMBASSADOR TO AUSTRIA DIES

Richard C. Kern Died This Morning at the Home of His Daughter in Philadelphia.

(By Associated Press.)
St. Louis, Mo., Sept. 4.—Richard C. Kern, former ambassador to Austria, died this morning at the home of his daughter in Philadelphia. He had been in failing health for a long time and his death had been expected hourly for several days.

The demand for twins never exceeds the supply.

Free--You Get It For Nothing--Free The No-Work Ice Cream Freezer

The latest and best thing out. An ICE CREAM FREEZER built like a thermos bottle, no crank, no cogs, no turning or no work to freeze cream. Simply put in your cream and pack with ice. In thirty minutes your cream is ready to serve. If not used immediately it will keep for hours. PRICE \$3.00 EACH.

WE HAVE SIX OF THESE WONDERFUL NO WORK ICE CREAM FREEZERS TO GIVE TO THE FIRST SIX LADIES BUYING A HOOSIER KITCHEN CABINET.

The greatest labor saving device on the market. "It saves miles of steps." Sold only by us at the regular advertised price. We show several handsome styles.

\$1.00 SENDS IT TO YOUR HOME, \$1.00 A WEEK PAYS FOR IT.

It will make it easy for you to do your work; it will be easy for you to pay for it.
